

Dear Sharks' Families,

It is hard to believe we are finishing up our 6th year at Sharks Swim Club and about to head into our 7th year. We continue to grow and expand our Competitive, Learn to Swim, and Adaptive Swim programs to meet the needs of all of our swimmers. The Board would like to thank all of our wonderful volunteers who have made this year successful through the extra effort of completing your service hours. We especially appreciate those who go above and beyond their required volunteering. We would especially like to thank our awesome coaches who have kept this program thriving. There are a lot of parts to our organization and they bring the whole program together.

Registration will open at **7 pm, August 9, 2022.** When registering your swimmer(s) you will be asked to read all waivers. This will look a little different because of the Team Unify system update. With the update, you will be able to view all waivers within your account which you have agreed to during Registration. Please register your swimmer in their current group, unless your swimmer has received an invitation to move to another group. If you have received an invitation, please register your swimmer in the new group. Please read through all of the agreements; modifications have been made. You need to read all of the agreements before continuing. They contain important information that will help you understand our policies and help us have a successful year. We are a nonprofit organization and the board does its best to be financially responsible. Unfortunately, last year we were not able to host a couple of meets and lost potential income due to issues at the FHS pool. For this reason and increasing costs, we have increased our monthly and annual training fees. USA Swimming has allowed us to renew your swimmer's USA Registration Fee. We have included the USA Swimming registration fee in Sharks' registration. Our fundraising obligation has increased to \$200 per family for certain groups. (See below).

It is awesome to see our swimmers progress throughout the year. To meet the needs of our swimmers, we modified our Senior groups into Senior 1, Senior 2, and Senior 3 last spring. Another exciting change for this year is our swimmers will have options within our Swim Fit Groups. We now offer 4 Sessions, Fall, Winter, Spring, and Summer Squad. This will help meet the needs of different families' schedules when their children are involved in other activities.

Swimmers will return to the pool on a transitional basis beginning in late August. There are no training fees assessed for August but will resume in September with your fundraising obligation, if applicable, for the 2023-2024 swim year.

Once again, THANK YOU for your continued support of Sharks. We look forward to another great year!

GO SHARKS!
