Sharks Swim Club
ADAPTIVE SWIM LESSONS

Sharks Adaptive Swim Lessons use techniques that place emphasis on swimming skills modified or adapted to accommodate individual abilities, needs, and goals, regardless of age. Lessons are specially designed to benefit children and adults with a range of special needs including autism, cerebral palsy, spina bifida, down syndrome, sensory disorders, ADHD, and visual impairment.

Our goal is to help each swimmer push past their physical, cognitive, or neurological challenges to be successful in learning to swim, learning water safety, developing confidence, increasing fitness, and having fun, all while creating a calm, patient, and reassuring atmosphere suited to the individual needs and abilities of each swimmer!
